

# The ultimate Chia-optimized plotting and farming rigs

20+, 60+, or 100+ plots per day based on your model of choice

Up to  
**8,000 TBW**  
**3,100 MB/s read**  
**2,000 MB/s write**

## FEATURES

### Exascend SSD optimized for cryptomining

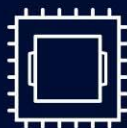

Exascend's best-in-class, enterprise-grade PCIe NVMe SSDs installed for maximized plotting efficiency and extended device life

High-speed DDR4 2933/3200 RAM allows for more parallel plots

High-capacity 3.5" HDDs included for capacious storage space

Top-quality CPUs from Intel and AMD

\*All product names, logos, and brands are property of their respective owners.  
\*TBW (TeraBytes Written) is calculated based on JEDEC enterprise workload.

## Chia plotter A

Best value option for beginners

**Plot 2.2 TB per day**

| Specification                        | Qty       |
|--------------------------------------|-----------|
| Exascend PE3 Enterprise PCIe M.2 SSD | 2 TB x 1  |
| Essential-X DDR4 2666 DIMM           | 16 GB x 1 |
| 3.5" HDD                             | 8 TB x 2  |
| Intel CPU i5                         |           |
| Asus PRIME motherboard               |           |

## Chia plotter B

2-in-1 plotter & farmer

**Plot 10 TB or more per day**

| Specification                        | Qty       |
|--------------------------------------|-----------|
| Exascend PE3 Enterprise PCIe U.2 SSD | 4 TB x 4  |
| DDR4 2933 DIMM                       | 64 GB x 4 |
| 3.5" HDD                             | 8 TB x 8  |
| AMD CPU 7282                         |           |
| 2U1S server/storage platform         |           |

## Chia plotter C

Professional endurance

**Plot 6 TB or more per day**

| Specification                              | Qty         |
|--------------------------------------------|-------------|
| Exascend PE3 Enterprise PCIe M.2 SSD       | 960 GB x 1  |
| DDR4 2933 DIMM                             | 128 GB x 12 |
| 3.5" HDD                                   | 8 TB x 4    |
| Intel CPU 4210                             | x2          |
| Dual-socket server/workstation motherboard |             |

## Chia farmer

100 bays available

**Up to 800 TB storage space  
with self-purchased HDDs**

| Specification                        | Qty                                  |
|--------------------------------------|--------------------------------------|
| Exascend PE3 Enterprise PCIe M.2 SSD | 960 GB x 1                           |
| DDR4 2933 RDIMM                      | 64 GB x 2                            |
| 3.5" HDD                             | 8TB x optional<br>(0, 50 or 100 pcs) |
| Intel CPU 4210                       | x2                                   |
| 4U2S server/storage platform         |                                      |
