

IP67 SMA Socket to SMA Socket Adapter

key features

- > SMA to SMA female
- > IP67 rated - mated and unmated
- > DC to 6GHz frequency range
- > Gold plated brass body

The SMA coaxial socket-to-socket adapter, commonly referred to as an SMA female-to-female adapter, plays a vital role in numerous applications, especially when there's a need to link two SMA cables or devices that feature male connectors. Typical application include extension of cabling and device interconnection.

Product Specifications				
Interface	Frequency	Impedance	IP Rating	Temp Range
SMA plug to plug	DC to 6GHz	50Ω	IP67	-55°C to +125°C
