## 1 Release contents

# 1 Release contents

## 1.1 Kit contents

The KIT\_PSC3\_DB1 PSOC™ Control C3 Standalone Dual Buck Board Kit includes the following components:

- Dual Buck Evaluation board
- 24 V DC power adapter
- Quick start guide

## 2 Tool information

## 2 Tool information

For information related to the tool, see the [KIT\\_PSC3\\_DB1 PSOC™ Control C3 Standalone Dual Buck Board Kit](#) webpage.

### 2.1 Software and tools

To utilize the code examples in this kit, ModusToolbox™ version 3.3 or later is required. This is available on the [ModusToolbox™ software webpage](#). For more details, see the kit user guide.

Install J-Link software version v7.96d or later, along with the USB driver for the selected J-Link device.

### 2.2 Code examples and kit collaterals

The kit [webpage](#) contains both the documents and hardware files. Additionally, the code examples are available in the [Infineon GitHub repository](#).

### 2.3 Installation

The kit user guide, available on the webpage, provides all the necessary software installation instructions. For more information, see the [KIT\\_PSC3\\_DB1 PSOC™ Control C3 Standalone Dual Buck Board Kit](#) webpage.

### 2.4 Kit revision

This is the initial revision (Rev. \*\*) of the KIT\_PSC3\_DB1 PSOC™ Control C3 Standalone Dual Buck Board Kit.

### 2.5 Documentation

The following kit documents are available on the kit [webpage](#):

- KIT\_PSC3\_DB1 PSOC™ Control C3 Standalone Dual Buck Board Kit user guide
- KIT\_PSC3\_DB1 PSOC™ Control C3 Standalone Dual Buck Board Kit quick start guide
- KIT\_PSC3\_DB1 PSOC™ Control C3 Standalone Dual Buck Board Kit release notes

### 2.6 Technical support

For assistance or product-related queries, contact [Infineon Support](#) or post your queries on the [Infineon Developer Community](#) platform.

### 2.7 Additional information

- For more information on the PSOC™ Control C3M5 MCU, including associated documentation and software, see the [PSOC™ Control C3M5](#) webpage
- To know more about the functionality and releases of ModusToolbox™, see the [ModusToolbox™ software](#) webpage
- For a list of trainings on ModusToolbox™, see [ModusToolbox™ software training](#)

## Important notice

The information given in this document shall in no event be regarded as a guarantee of conditions or characteristics ("Beschaffenhheitsgarantie").

With respect to any examples, hints or any typical values stated herein and/or any information regarding the application of the product, Infineon Technologies hereby disclaims any and all warranties and liabilities of any kind, including without limitation warranties of non-infringement of intellectual property rights of any third party.

In addition, any information given in this document is subject to customer's compliance with its obligations stated in this document and any applicable legal requirements, norms and standards concerning customer's products and any use of the product of Infineon Technologies in customer's applications.

The data contained in this document is exclusively intended for technically trained staff. It is the responsibility of customer's technical departments to evaluate the suitability of the product for the intended application and the completeness of the product information given in this document with respect to such application.

## Warnings

Due to technical requirements products may contain dangerous substances. For information on the types in question please contact your nearest Infineon Technologies office.

Except as otherwise explicitly approved by Infineon Technologies in a written document signed by authorized representatives of Infineon Technologies, Infineon Technologies' products may not be used in any applications where a failure of the product or any consequences of the use thereof can reasonably be expected to result in personal injury.
