

World's First Laser Lighting Product with IR & White Output

2 CHANNEL SWITCHABLE OR SIMULTANEOUS

- White light illumination
- Night vision illumination and imaging
- Sensing / ranging to augment/replace radar, LIDAR
- LiFi Communications

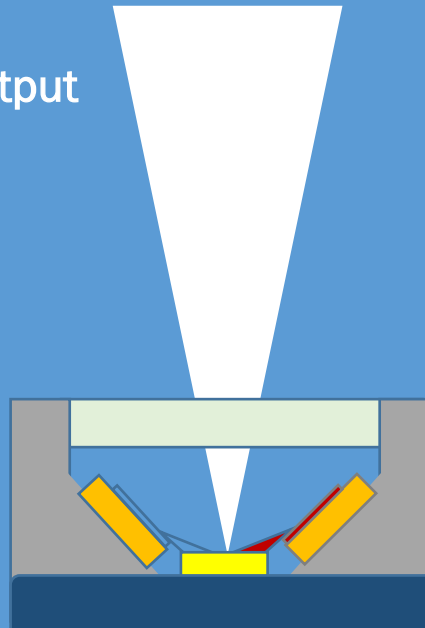

ENABLES WORLD FIRST SPOTLIGHT / SENSING / COMM MODULE

- Mobility: Auto Headlight/Radars, Marine, Avionics, Rail
- Consumer: Portable rangefinding flashlights, drone lights
- Breakthrough size, weight, cost; Light source = Transmitter
