

Conformal Coating Overcoat Pens

Improve reliability, operational range, and lengthen the life of electronic components with MG Chemicals Conformal Coating Overcoat Pens

MG Chemicals Overcoat Pens are easy to use conformal coating acrylic one part resin systems. They are fast drying and provide an excellent finish in multiple colors. They are ideal to repair or rework damaged coated areas and protect electronic circuits against moisture, dirt, dust, thermal shocks, scratches and other environmental hazards that could corrode, or otherwise damage the electronic components. They also insulate against arcing, shorts, and static discharges.

- ***Protects and insulates circuit boards traces***
- ***For repairs or rework of solder masks and circuit boards***
- ***Excellent finish—smooth, homogeneous, and durable***
- ***Protects electronics from moisture, corrosion, fungus, and static discharges***
- ***Clear Overcoat Pen (#419D-P-CL) is certified to UL 94-V0 and IPC-CC-830B***
- ***No Hazardous Air Pollutants—free of toluene and xylene***
- ***Comes in variety of colors—blue, black, clear, green, and white***
- ***Tack free in only 10-15 minutes***
- ***Removable with Cat. No. 435, 4352 thinner, and 8312 stripper***

Products by color: Black (#419D-P-BK), Blue (#419D-P-BL), Clear (#419D-P-CL), Green (#419D-P-GR), and White (#419D-P-WH)
