

FEZ Lynx S4
Change Log:

From old board to new Version 1.0:

- * Schematic/PCB - Changed the Main Oscilating Crystal.
- * PCB - Moved C22 about 20 mils south.
- * PCB - Added a plus sign to C31.
- * PCB - Changed the Silk on socket 3: Removed the number 3 and made the frame smaller.
- * PCB - Renumbered socket's 4 and 5 to 3 and 4 respectively.
- * PCB - Changed the Silk for the name from old board name to FEZ Lynx S4.

- * Schematic - Connected A0 to UCC.
