### **Mouser Electronics Receives Ohmite President's Award Third Year in a Row**

**May 31, 2013** – [Mouser Electronics](http://www.mouser.com), Inc., a top design engineering resource and global distributor for semiconductors and electronic components, has been awarded the President's Award for the third consecutive year from [Ohmite Manufacturing](http://www.ohmite.com). Mouser was measured against other top distributors in the following categories: top line selling efforts and growth, collaboration, market penetration, design registrations, bookings, POS and POA.

"We are honored to have earned the President's Award from Ohmite again this year," states Andy Kerr, Mouser Vice President of Passives. "Ohmite produces top quality power and current sense resistors that consistently exceed our customer's requirements for today's demanding applications."

Ohmite has maintained a leadership position in the design and manufacture of Power Resistive Products since 1925, and has expanded to include production of high current, high voltage, high energy, and variable voltage control resistors. Ohmite has designed and now offers a comprehensive heatsink line-up.

"Our partnership with Mouser Electronics has been truly rewarding and we happily recognize the benefits of working with such a reputable company," says Greg Pace, President of Ohmite Manufacturing. "Mouser's professionalism, integrity and business practices make them the perfect candidate for this award for 2013 and beyond."

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 19 global support locations and stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is updated daily and searches more than 10 million products to locate over 3 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

### **About Mouser Electronics**

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning, authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 3 million products online from more than 500 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to over 400,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit <http://www.mouser.com>.

### **About Ohmite Manufacturing**

Since 1925, Ohmite has maintained a leadership position in the design and manufacture of Power Resistive Products. Through innovation and acquisition Ohmite's offering has grown to include power resistors, surface mount resistors, rheostats, heat sinks and thermal solutions. Ohmite will continue to develop new technologies and packaging techniques to meet the demand of the changing market far into the future.

### **Trademarks**
