### **Mouser Named Distributor of the Year by Honeywell Sensing and Control**

**February 19, 2014** – [Mouser Electronics](http://www.mouser.com), Inc., a leading engineering resource and global authorized distributor for semiconductors and electronic components, has been named the 2013 Catalog Distributor of the Year by [Honeywell Sensing and Control](http://www.honeywell.com).

This is the third time for Mouser to receive this top award by achieving excellence in several key areas: Having the fastest and most effective new product launches; the biggest increase in number of new Honeywell customers; maintaining the largest breadth of Honeywell products in stock; and the greatest percentage of sales increase. Mouser, a subsidiary of TTI, Inc., is part of the esteemed Berkshire Hathaway family of companies.

“It is a tremendous honor to be recognized by Honeywell, a recognized leader in the industry and one of our most valued supplier partners,” said Barry McConnell, Mouser Senior Vice President of Interconnect and Electromechanical Products. “Our business relationship has been mutually beneficial and this award is a great tribute to our hard work and continued success.”

“We are very pleased to present our 2013 Catalog Distributor of the Year Award to Mouser Electronics,” said Mike West, Director-Global Distribution Sales for Honeywell Sensing and Control. “Mouser’s focus on new customers and service excellence, as well as the rapid introduction and promotion of new Honeywell products has helped them achieve this high honor.”

In 2011, Mouser received Honeywell’s Innovative Marketing Communications Gold Award for excellence in key areas: Support and promotion of NPI products; growth in customer acquisition and development; overall alignment, relative to focus products; ability to provide analytics; and innovative marketing activities. In 2010 and 2012, Mouser also won Honeywell’s Americas’ Catalog Distributor of the Year.

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 20 global support locations and stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is updated many times per day and searches more than 10 million products to locate over 4 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.
