## **Mouser Electronics Honored with Top Distributor Award from TDK**

**June 9, 2015** – [Mouser Electronics](http://www.mouser.com), Inc., the global authorized distributor with the newest semiconductors and electronic components, has received the Highest Percentage Growth Award/Catalog Distributor from [TDK](http://www.tdk.com), Americas Inc., a group company of TDK Corporation.

TDK Corporation recognized Mouser for the "Highest Percentage of Growth for a Catalog Distributor" in TDK's fiscal year 2015. The award was presented to Mouser executives in recognition of the distributor's efforts that helped TDK exceed growth and sales goals for the past fiscal year for both TDK and EPCOS brands.

"We'd like to thank TDK for this special honor. These past several years have been outstanding for our business relationship, especially as we continue to introduce the newest products from TDK," said Glenn Smith, Mouser Electronics' President and CEO. "The future looks very promising for us to continue on the same winning path together."

"We presented the award to Mouser for their great sales achievement in North America and major contribution to the success of the TDK Group in our last fiscal year," stated Jon Nelson, President and CEO, TDK Corporation of America.

TDK's world-leading expertise in ceramic and ferrite technologies has yielded advanced electronic components, such as multi-layer ceramic capacitors and inductors. Focusing on miniaturization and surface mount requirements, TDK's vast array of quality electronic components includes ferrite beads, transformers, piezoelectric products, filters, inductors, and a variety of other products.

EPCOS products are part of the product portfolio of TDK. The broad portfolio of passive electronic components includes capacitors, ferrites, inductors, high-frequency components, such as surface acoustic wave (SAW) filter products, piezo and protection components, and sensors. These components are marketed under the product brands TDK and EPCOS.

To see the full selection of TDK and TDK-EPCOS products available from Mouser Electronics, visit [www.mouser.com/tdk](http://www.mouser.com/tdk).

With its broad product line and unsurpassed customer service, Mouser caters to design engineers and buyers by delivering What's Next in advanced technologies. Mouser offers customers 21 global support locations and stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is updated many times per day and searches more than 10 million products to locate over 4 million orderable part numbers available for easy online purchase. Mouser.com also houses an industry-first interactive catalog, data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

### **About Mouser Electronics**

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning, authorized semiconductor and electronic component distributor, focused on the rapid introduction of new products and technologies to electronic design engineers and buyers. Mouser.com features more than 4 million products online from more than 500 manufacturers. Mouser publishes multiple catalogs per year providing designers with up-to-date data on the components now available for the next generation of electronic devices. Mouser ships globally to more than 500,000 customers in 170 countries from its 492,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit <http://www.mouser.com>.

### **Trademarks**
