## For Immediate Release

### Time Running Out to Enter “IoT Connectivity” Global Design Contest

*Mouser Electronics and Digi International Sponsor Competition at All About Circuits*

**March 12, 2019** – Less than a week remains to submit IoT connectivity project ideas to the [Mouser Electronics](#)-sponsored “[IoT Connectivity Using Cellular Modules](#)” Design Contest at All About Circuits. The global competition gives engineers the chance to show their creativity using development kits from [Digi International](#) for a chance to win great prizes.

To enter the All About Circuits “IoT Connectivity Using Cellular Modules” Design Contest, engineers can submit their project ideas directly on the contest webpage, now through March 18, 2019. Ten semi-finalists will receive either a Digi [XBee3™ Cellular LTE-M Development Kit](#) or Digi [XBee3 NB-IoT Cellular Development Kit](#) to use to build and complete the project. The semi-finalist engineers will then post a short video demonstrating the completed project in action. The top three winners will be chosen on May 31 and will receive a Sonos One wireless speaker, Apple iPad, or Dremel Digilab 3D20 3D printer.

To learn more and to enter the “IoT Connectivity Using Cellular Modules” Design Contest, go to [www.allaboutcircuits.com/giveaways/mouser-design-contest-iot-connectivity-using-cellular-modules](http://www.allaboutcircuits.com/giveaways/mouser-design-contest-iot-connectivity-using-cellular-modules).

With its broad product line and unsurpassed customer service, Mouser strives to empower innovation among design engineers and buyers by delivering advanced technologies. Mouser stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is continually updated and offers advanced search methods to help customers quickly locate inventory. Mouser.com also houses data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

### **About Mouser Electronics**

Mouser Electronics, a Berkshire Hathaway company, is an award-winning, authorized semiconductor and electronic component distributor focused on rapid New Product Introductions from its manufacturing partners for electronic design engineers and buyers. The global distributor's website, Mouser.com, is available in multiple languages and currencies and features more than 5 million products from nearly 800 manufacturers. Mouser offers 23 support locations around the world to provide best-in-class customer service and ships globally to over 600,000 customers in more than 220 countries/territories from its 750,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit [www.mouser.com](http://www.mouser.com).

### **Trademarks**

Mouser and Mouser Electronics are registered trademarks of Mouser Electronics, Inc. All other products, logos, and company names mentioned herein may be trademarks of their respective owners.
