

## New Product Announcement

# Mouser Now Shipping Waterproof USB Type-C Connectors and Cables from Amphenol LTW

**January 30, 2017** – [Mouser Electronics](http://www.mouser.com), Inc., the industry's leading New Product Introduction (NPI) distributor with the widest selection of semiconductors and electronic components, is now stocking [waterproof USB Type-C cables and connector](#) from [Amphenol LTW](#). These cables and space-saving receptacles provide data and [power](#) connectivity and transmission.

The [Amphenol LTW waterproof USB Type-C cables](#), available from Mouser Electronics, feature a waterproof [USB](#) Type-C connector on one end and a non-waterproof USB 2.0 or USB 3.0 Type-A connector on the other. The Type-C connector offer IP68-rated protection when mated, shielding the connection from dirt, dust, and long-term immersion in liquids. The cables support the USB 3.1 standard with a top speed of 10 Gbps and 1A power supply (3A for the jack connector). The standard allows for bi-directional power, which makes these cables and jack a one-piece solution for the data and power transmission without the need for a separate power adapter.

The connectors are suitable for a variety of applications in industrial and harsh environments, including [data center](#), portable devices, [automotive](#) diagnostic and [infotainment](#) systems, marine electronics, and outdoor [LED](#) displays.

With its broad product line and unsurpassed customer service, Mouser strives to Empower Innovation among design engineers and buyers by delivering What's Next in advanced technologies. Mouser stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is continually updated and offers advanced search methods to help customers quickly locate inventory. Mouser.com also houses data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

### **About Mouser Electronics**

Mouser Electronics, a subsidiary of TTI, Inc., is part of Warren Buffett's Berkshire Hathaway family of companies. Mouser is an award-winning, authorized semiconductor and electronic component distributor focused on rapid New Product Introductions from its manufacturing partners for electronic design engineers and buyers. The global distributor's website, Mouser.com, is available in multiple languages and currencies and features more than 4 million products from over 600 manufacturers. Mouser offers 22 support locations around the world to provide best-in-class customer service and ships globally to over 500,000 customers in 170 countries from its 750,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit [www.mouser.com](http://www.mouser.com).

### **About Amphenol LTW**

Amphenol LTW is a leader in rugged and harsh environment interconnects with the largest array of I/O and products ranging from IP65 to IP69K. The company continually provides innovative products and solutions for ever-demanding environments and is proactively committed to contributing to a safer and greener environment. Amphenol LTW features interconnects for technologically advanced products with environmentally friendly results.
