## Mouser Electronics to Exhibit at INATRONiCS 2019, Indonesia's Electronics Trade Show

April 1, 2019 – [Mouser Electronics](#), Inc., the New Product Introduction (NPI) leader that empowers innovation, announces that it will exhibit at the 10th edition of INATRONiCS, April 4 – 6, 2019, at Jakarta International Expo (JIExpo) in Jakarta, Indonesia. Visitors to Mouser booth D1H2-05 can learn about a wide range of innovative solutions for applications such as automotive, wireless technology, power management and Internet of Things (IoT).

INATRONiCS is Indonesia's international electronics, components and technology exhibition, one of the most anticipated trade events for the consumer electronics and electronics manufacturing sectors in Southeast Asia. Mouser staff will be available to discuss the newest products from Mouser's 750-plus manufacturers for design prototype development. At the Mouser booth D1H2-05, supplier partner [Infineon Technologies](#) will present a product presentation on the latest power management solutions.

Visitors to the Mouser booth can discover how Mouser provides engineers with engaging technical information and resources to support and speed the design process, such as the [Methods](#) eZine, a valuable source of design information that provides exclusive information on prototype development that every design engineer needs to drive new levels of innovation.

Attendees can also learn about Mouser's [Applications and Technologies](#) sites, which provide exclusive information on cutting-edge products, design resources, white papers and videos, as well as Mouser's [Bench Talk](#) blog, topical eBooks, and other informative resources for design engineers and buyers.
