

For Immediate Release

Mouser Electronics and Lumberg Automation Sign Global Distribution Agreement

August 7, 2018 – [Mouser Electronics](http://www.mouser.com), Inc., the industry's leading New Product Introduction (NPI) distributor with the widest selection of semiconductors and electronic components, announces a global distribution agreement with [Lumberg Automation](http://www.lumberg-automation.com), a brand of Belden. Through the distribution agreement, Mouser is now stocking Lumberg's I/O systems connectors, power connectors, and sensor and actuator connectors.

The [Lumberg Automation product line](http://www.lumberg-automation.com), available from Mouser Electronics, delivers proven products and quality solutions for automation systems in a wide range of industries. For intelligent and reliable data transmissions, Lumberg Automation offers a broad variety of solutions to meet the needs of a flexible and cost-effective I/O system. Lumberg Automation [I/O systems connectors](http://www.lumberg-automation.com) range from passive distribution boxes, fieldbus and modular I/O systems, to high performance fieldbus-independent modules.

Lumberg Automation [power connectors](http://www.lumberg-automation.com) offer a broad, practical selection to fulfill individual application needs with a range from design diversity to specific standards and high-voltage versions. Lumberg Automation [sensor/actuator connectors](http://www.lumberg-automation.com) include M8 and M12 connectors and cordsets with flexible and robust design, as well as a large number of standard and special options. Lumberg Automation's offerings of sensor/actuator connectors are suitable for a wide variety of application markets such as food and beverage, transportation, automotive, or material handling.

With its broad product line and unsurpassed customer service, Mouser strives to empower innovation among design engineers and buyers by delivering advanced technologies. Mouser stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is continually updated and offers advanced search methods to help customers quickly locate inventory. Mouser.com also houses data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser Electronics

Mouser Electronics, a Berkshire Hathaway company, is an award-winning, authorized semiconductor and electronic component distributor focused on rapid New Product Introductions from its manufacturing partners for electronic design engineers and buyers. The global distributor's website, Mouser.com, is available in multiple languages and currencies and features more than 5 million products from over 700 manufacturers. Mouser offers 23 support locations around the world to provide best-in-class customer service and ships globally to over 600,000 customers in more than 220 countries/territories from its 750,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit www.mouser.com.

About Lumberg Automation

Lumberg Automation, a Belden brand, delivers intelligent wiring solutions, such as electronic field bus components and connector and distribution box systems, for all applications in industrial automation technology, as well as complete wiring concepts for mechanical engineering and production systems across a wide range of industries. Since the early 1980s, industrial automation customers have trusted the Lumberg Automation brand to deliver the quality connectors and wiring components necessary for industrial automation technology.

Trademarks

Mouser and Mouser Electronics are registered trademarks of Mouser Electronics, Inc. All other products, logos, and company names mentioned herein may be trademarks of their respective owners.
