

New Product Announcement

Mouser Electronics Now Stocking Silicon Labs xGM210P Wireless Gecko Module Starter Kit for Mesh Network Designs

November 27, 2019 – [Mouser Electronics](http://www.mouser.com), Inc., the industry's leading New Product Introduction (NPI) distributor with the widest selection of semiconductors and electronic components, is now stocking the [xGM210P Wireless Gecko Module Starter kit](#) from [Silicon Labs](#). The powerful starter kit contains all the hardware and support tools needed to begin prototyping wireless applications with pre-certified [MGM210P](#) and [BGM210P](#) (xGM210P) modules.

The Silicon Labs [xGM210P Wireless Gecko Module Starter kit](#), available from Mouser Electronics, enables design engineers to develop smart [LED](#), home automation, and industrial [Internet of Things](#) (IIoT) solutions. The kit includes two wireless starter kit main boards, two [SLWRB4308A](#) +20 dBm radio boards and two [SLWRB4308B](#) +10 dBm radio boards, a Silicon Labs Simplicity debug adapter board, and associated cables. The MGM210P modules support Zigbee®, Thread, *Bluetooth*®, and multi-protocol functionality, while the BGM210P support Bluetooth functionality only.

Together with the Silicon Labs Gecko software development kit (SDK) suite and Simplicity Studio, the xGM210P Wireless Gecko Module Starter Kit delivers a complete development platform with robust software stacks, advanced debugging and optimization tools, sample application code, pre-compiled demos, documentation, and various other resources.

As an authorized distributor, Mouser Electronics, Inc. is focused on the rapid introduction of new products and technologies, giving customers an edge and helping speed time to market. Over 800 semiconductor and electronic component manufacturers count on Mouser to help them introduce their products into the global marketplace. Mouser's customers can expect 100% certified, genuine products that are fully traceable from each manufacturer.

With its broad product line and unsurpassed customer service, Mouser strives to empower innovation among design engineers and buyers by delivering advanced technologies. Mouser stocks the world's widest selection of the latest semiconductors and electronic components for the newest design projects. Mouser Electronics' website is continually updated and offers advanced search methods to help customers quickly locate inventory. Mouser.com also houses data sheets, supplier-specific reference designs, application notes, technical design information, and engineering tools.

About Mouser Electronics

Mouser Electronics, a Berkshire Hathaway company, is an award-winning, authorized semiconductor and electronic component distributor focused on rapid New Product Introductions from its manufacturing partners for electronic design engineers and buyers. The global distributor's website, Mouser.com, is available in multiple languages and currencies and features more than 5 million products from over 800 manufacturers. Mouser offers 27 support locations around the world to provide best-in-class customer service and ships globally to over 630,000 customers in 223 countries/territories from its 750,000 sq. ft. state-of-the-art facility south of Dallas, Texas. For more information, visit www.mouser.com.
