

Automotive Infotainment Module Connector

Product Features:

- **Automotive Grade Performance**
- **Strong Performance Against Shock & Vibrations**
- **Compatible mechanical interface with MXM2.0 and Qseven modules**
- **Ideal for Automotive Infotainment systems and other embedded system COM designs**

<i>Product PN</i>	<i>Product Description</i>
<i>CN113-230-0001VE</i>	230pin, 0.50 mm pitch, SMT mount Infotainment Module Signal Socket (CT Au Plating: Au Flash)
<i>CN113-230-0003VE</i>	230pin, 0.50 mm pitch, SMT mount Infotainment Module Signal Socket (CT Au Plating: Au 0.3um)

Special Screw-Down Feature

- Screw Down Feature provides sturdy mounting for connector against constant shock and vibration
- Offers a reliable connection

General Product SPEC:

Current per contact: 0.5A MAX

Voltage Rating = DC 50V

Mating Life Cycle: 30 Times
